

Abdullateef Kehinde Sheriff

Lagos, Nigeria | 0702 697 1744 | abdullateefkehinde848@gmail.com

Objective

Final-year Electrical and Electronics Engineering student with hands-on IT Networking training (OSI/TCP-IP models, subnetting and IP addressing, VLAN configuration, inter-VLAN routing, and trunking via Cisco Packet Tracer) and a background in electrical/power systems troubleshooting from field internships. Seeking the Huawei IT Network Internship to build practical, industry-grade networking skills and contribute to real infrastructure projects.

Education

University of Ilorin, Nigeria

2021 – 2026

B.Eng. in Electrical and Electronics Engineering

- Second Class Upper, CGPA: 4.20/5.00

Work Experience

Industrial Training (IT) Attaché

Mar. 2025 – Present

Transmission Company of Nigeria (TCN) · Lagos State, Nigeria

- Rotated across the Electrical, Lines, and PC&M departments, working alongside engineers on day-to-day transmission activities.
- Supported the Electrical Department with routine substation operations, picking up hands-on knowledge of transformer configurations and switchgear.
- Got exposed to relay protection schemes and CT/VT arrangements used for fault detection and system protection.

Student Industrial Work Experience Scheme (SIWES)

Jun. 2024 – Sep. 2024

Ibadan Electricity Distribution Company (IBEDC), Challenge, · Kwara State, Nigeria

- Assisted in tracing and resolving faults across the electrical distribution network.
- Worked alongside field engineers to restore power supply — identifying, isolating, and fixing faults on distribution lines.
- Gained practical exposure to feeder operations and outage restoration procedures in a live distribution environment.

Leadership & Service Experience

Founding Member, IEEE Student Chapter

2026

University of Ilorin

Group Leader, Final Year Project

2026

Department of Electrical and Electronics Engineering, University of Ilorin

Volunteering

Community Based Experience and Service (COBES)

2026

Usher, Boycode Boot Camp

2025

Peer Tutor, Electrical and Electronics Engineering Student Society

2025

Scholarships & Awards

MTN STEM Scholarship

2023 – 2026

Karen Chukwu Scholarship

2026

Professional Affiliations

Student Member, Institute of Electrical and Electronics Engineers (IEEE)

2026 – Present

Certifications & Training

Undergraduate Symposium on Research and Project Report Writing
Nigerian Journal of Technological Development

2025

IT Training, Femtech
Computer Networking

Jun. – Aug. 2026

- Covered OSI and TCP/IP models, IP addressing, and subnetting fundamentals.
- Configured VLANs, inter-VLAN routing, and trunking in Cisco Packet Tracer labs.
- Practiced routing and switching setups through hands-on simulation exercises.

Technical Skills

Networking: Cisco Packet Tracer, TCP/IP & OSI models, Subnetting, VLAN/Inter-VLAN Routing, Trunking, Routing & Switching fundamentals

Hardware Simulation: Proteus, MATLAB

General Purpose Programming: Python, JavaScript

Engineering Tools: AutoCAD, Proteus

Productivity Tools: Microsoft Word, Excel, PowerPoint

Languages, Soft Skills & Interests

Languages: English (distinguished proficiency in listening, speaking, reading, and writing), Yoruba (native)

Soft Skills: Team coordination, problem solving, leadership

Hobbies: Travelling and learning new things
